## Instructions for Completing Notice of Termination (NOT) for Storm Water Discharges Associated with Construction Activity

### When To File NOT Form:

Permittees who are presently covered under an issued NPDES or OPDES general permit for storm water discharges associated with industrial activity may submit a **Notice of Termination** (NOT) form when their facilities no longer have any storm water discharges associated with industrial activity as defined in the storm water regulations at 40 CFR 122.26(b)(14), or when they are no longer the operator of the facilities. For a construction site, when the site has been finally stabilized (i.e., a uniform perennial vegetative cover with a density of at least 70% of the native background cover has been established for all unpaved areas and areas not covered by permanent structures or where equivalent permanent stabilization measures such as riprap or gabions have been used), and all storm water discharges from construction activities that are authorized by general permit (OKR10) are eliminated, or they are no longer the operator of the facility, a NOT must be submitted that is signed in accordance with part VI. G of the general permit. If you need assistance or have questions, contact the Storm Water Unit of the Water Quality Division of the DEQ at (405) 702-6100.

### Section I: Permit Information:

Enter the existing NPDES or OPDES General Storm Water Permit number assigned to the facility or site identified in Section II.

### Section II. Facility Operator Information:

Give the legal name of the person, firm, public organization or any other entity that operates the facility or site described in this application. The name of the operator may or may not be the same name as the facility. The operator of the facility is the legal entity that controls the facility's operation, rather than the plant or site manager.

### Section III: Facility/Site Location Information:

Enter the facility's or site's official or legal name and complete address, including city, state, and ZIP code. If the facility lacks a street address, indicate the latitude and longitude of the facility to the nearest 15 seconds, or the quarter, section, township, and range of the approximate center of the site.

### Section IV: Certification

The NOT form must be signed by a responsible party as follow:

For a Corporation: by a responsible officer, which means: (1) president, secretary, treasurer, or vice president of the corporation in charge of a principal business function; (2) the manager of one or more manufacturing, production, or operating facilities employing 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 1980 dollars) if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures. For a partnership or sole proprietorship: by a general partner or the proprietor.

For a municipality, state, Federal, or other public facility: by either principal executive officer or ranking elected official.

### Where to File a NOT form:

NOTs must be sent to the following address:

**DEQ**

**Storm Water Unit**

**Environmental Complaints and Local Services**

**P.O. Box 1677**

**Oklahoma City, Oklahoma 73101-1677**
